Hi Anna,

I received your email while I was away from the office on leave.

Attached below are copies of the Final Report conducted by Horsley Witten, the contractor and our cover letter.

If you have trouble receiving/opening this attachment, it, and other information such as the California DOGGR's action plan are located at their website:
<http://www.conservation.ca.gov/dog/Pages/Index.aspx>

<< File: 110629_CDOGGR_ReportFinal.pdf >> << File: DOGGR letter with final report July 2011.pdf >>

You may have questions after reviewing the materials or wish to discuss further, so please let me know if so.

George

Subject: Information about Region 9's California Class II review

Hi George:

Here in Region 5 we are embarking on a program review of the Ohio delegated Class II program. I understand from today's SDWA attorney call that Region 9 undertook a very extensive review of California's Class II program. I'd really like to have a copy of that report. What was the criteria against which the California program was evaluated? Do you have any information behind the report - such as the review methodology, or tools, such as file review checklists, the reviewers may have used? It would be very useful to us here.

I'd like to call you as well, perhaps next week if you're available.

Thanks much.
